

FISCHEMICALS ABERDEEN

AEROSOL STENCIL WHITE

Description

Opaque stencil inks provide bold, clean stencilling on a variety of surfaces. These fast-drying, high-contrast colours spray a sharp, clean edge without smearing, smudging or rippling. This is the easiest way to apply shipping information, product coding, assembly and maintenance instructions. Also used in steel mills and by metal fabricators for colour coding.

- High opacity formula for great coverage.
- Sprays a sharp, clean edge without smearing or smudging.
- Fast drying for permanently marked surfaces.
- Lead Free.
- Waterproof and weather resistant.
- Do not contain chlorinated solvents.

Application

Recommended Uses: Cartons, Corrugated Boxes, Fibre Drums, Wooden crates, Steel Coils, Metals, Paper, Fabrics, Plastics, Plaster, Stone, Glass, Asphalt and Concrete.
