

FISCHEMICALS ABERDEEN

GRITTY ENGINEERING HAND WIPE

Description

High strength, absorbent cleaning cloths treated with a low alcohol based anti-bacterial cleaning solution which is tough on dirt, yet gentle and cleansing on the skin. The multipurpose wipes comprise polyviscose with an abrasive scrim which quickly cleans hands without the requirement for additional agents. Their sanitising action is suitable on grease and grime, inks, paints, silicone, adhesives etc.

The wipes are contained in a portable bucket which can go anywhere, ensuring cleanliness in almost any industrial environment; from engineering and printing, to plumbing and mechanics.

Applications

Apply wipe to dry hands and work well into skin to loosen and uplift dirt. Dispose of the wipe accordingly.
