

FISCHEMICALS ABERDEEN

AQUEOUS DEGREASER 4000

Description

This is an ideal product for use on the drill floor where heavy oil contamination can occur. It is also used for flushing casing at well completion stage. Diluted it is ideal for general rig cleaning. Quick splitting for use with oily water separators.

Also ideal for deck, bulkhead and any equipment washing including degreasing of deluge systems.

Dilutions

In use, the degree of dilution depends on the type of contamination and the degree of soiling, as well as the type of oil/pseudo based mud systems used, and where the crude is being drilled from.

The following dilutions are suggested as guidance only:

Heavy Duty Cleaning	5:1
General Cleaning	10:1
Light Degreasing	20:1

OCNS HQ BAND: **GOLD**
